15:00	End of Day 1	15:00	End of Day 2

Dr James Gamble: Consultant Cardiologist with a specialist interest in Heart Failure and Devices, Oxford
Dr Gamble will provide an update on heart failure management and include patients with severe heart failure symptoms in the discussion.

Dr Robert Hallifax: Locum Consultant in Respiratory Medicine, Oxford
Dr Hallifax will discuss the latest management of chronic obstructive pulmonary disease. Dr Hallifax will update us about the research trial in progress using high flow nasal oxygen therapy in patients with an exacerbation of COPD.

Ms Stella Hornby: Consultant ophthalmologist, Oxford
Ms Hornby will identify ophthalmological concerns so that we are providing the best possible care for palliative care patients.

Dr Jame McCrae: Locum Consultant AGM / Infectious Disease / Clinical Pharmacology, Oxford
Dr McCrae will expose the dogma, and advise about antibiotic use and antibiotic stewardship.

Professor Elizabeth Sampson: Professor of Liaison Psychiatry, Academic Centre for Healthy Ageing
Barts Health NHS Trust, Queen Mary University of London
Professor Sampson will provide an update on the assessment and care of patients with dementia.

Professor Rhian Touyz: Executive Director and Chief Scientific Officer, Chair in Medicine, McGill
University, Canada
Professor Touyz will discuss disorders of magnesium with a particular focus on hypomagnesemia.

Professor Dymphna Waldron: Consultant palliative medicine, Galway University Hospital, Republic of
Ireland
Professor Waldron will provide an update on the management of gastroparesis.

Dr Louise Wiblin: Consultant Neurologist and Specialist in Movement Disorder, South Tees
Dr Wiblin will speak to matters neurological including the use of Duodopa in dying patients with
Parkinson's disease.
